## Show Me the Money!

by Udana Power

### A Bird's eye overview

**Avini Health is an extraordinary business opportunity.**

You can make as much money as you choose. You don't have to beg a boss for a teeny raise. Just check out the next rank advancement in the compensation plan, then get into action. The key is to understand how the compensation works and the next step to take.

**This business model also generates residual income.**

That's money while you sleep. There are very few income opportunities that can do that.

**When you sign up with an Activation pack...**

you are automatically qualified to earn:

- 1) Activation Bonuses (from \$100 to \$450 per new associate.)
- 2) 20% Commissions on Retail Customers.

These are both paid out weekly.

**The following incomes are paid out at the end of the month.**

Team Commissions, Residual Income and Rank Advancement Bonuses.

We will now explore how these work. There are 9 ranks:

- |           |             |                  |
|-----------|-------------|------------------|
| 1. Silver | 3. Sapphire | 5. Emerald       |
| 2. Gold   | 4. Ruby     | 6. Diamond       |
|           |             | 7. White Diamond |
|           |             | 8. Blue Diamond  |
|           |             | 9. BlackDiamond  |

Each rank has 3 levels:

- 1. Apprentice
- 2. Director
- 3. Executive

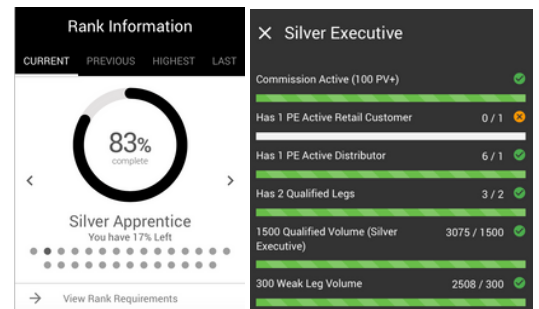

*"Treat this business like a business and it will pay you like a business. Treat it like a hobby, and it will pay you like a hobby."*  
—Unknown.

# Silver

1. For Silver Rank you need one Retail Customer. (Retail Customers are a requirement of the FTC — Federal Trade Commission.)
2. You also want to sponsor 1 Distributor/Member. (They come in with an Activation Pack.)
3. Your total Qualifying Volume for each level (Silver Apprentice — Director — Executive) is noted in the chart below. (Good news: Points = Dollars.)

Your Maximum Leg will need to be 80% of the total volume. The Minimum Leg provides the other 20%. Your Personal Volume flows into the Minimum Leg.

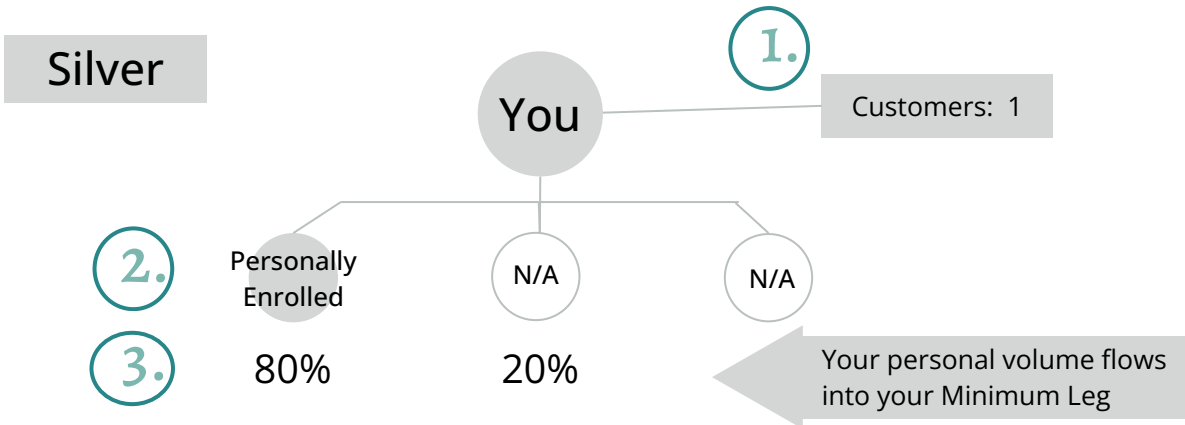

4. As your volume grows, you automatically promote from Silver Apprentice to Silver Director to Silver Executive. You can see EXACTLY what is required to reach your next rank by viewing the simple chart below or on this calculator on the Home Page of your Back Office.

Click on "View Rank Requirements" to view details.

5. At the end of the month you receive your Team Commission. The first time you reach Silver Executive you will also receive a Rank Advance Bonus of \$150 as a "Congratulations and well done!"

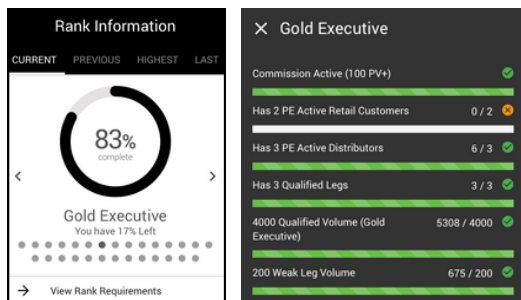

My brain can more easily understand things in pictures, rather than in spreadsheets. I made these charts to help others like me. I hope they help you understand the money quickly.

	Qualifying Volume	Max. Leg	Min. Leg	Team Commission	Rank advance Bonus
4. Apprentice	500	400	100	60	
Director	800	800	200	120	
Executive	1500	1200	300	180	5. 150

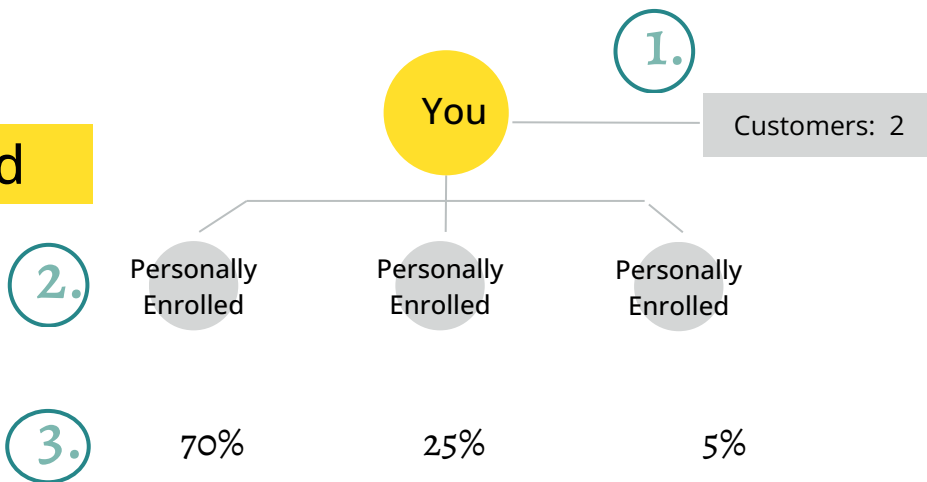

As your volume continues to grow, you automatically promote to the next rank: Gold.

# Gold

1. As you continue to recruit and share these marvelous products, more people will be signing up and sharing with others. After Silver Executive, you automatically move into the rank of GOLD. Gold needs 2 Retail Customers.
2. Gold also requires 3 personally enrolled Distributor/Members. (They must be active — ordering 100 BV of product during that month.)
3. The total Qualifying Volume for each level (Apprentice — Director — Executive) is in the chart below. Your Maximum Leg will need to be 70% of your total volume. Your Medium Leg will provide 25% of your Volume. Your Minimum Leg will provide 5%. Your Personal Volume flows into your Minimum Leg.
4. As your volume grows you will promote from Gold Apprentice to Gold Director to Gold Executive. You can see EXACTLY what you need to accomplish by viewing this simple calculator in your Back Office on the Home Page as well as the chart below. 
5. When you reach Gold Executive the first time you will be paid a Rank Advancement Bonus of \$500.

Click on "View Rank Requirements" for details.

## Gold

	Qualifying Volume	Max. Leg	Min. Leg	Team Commission	Rank advance Bonus
4. Apprentice	2000	1400	100	240	
Director	3000	2100	150	360	
Executive	4000	2800	200	480	5. 500

As your business grow, you automatically promote to the Rank of Sapphire.

# Sapphire

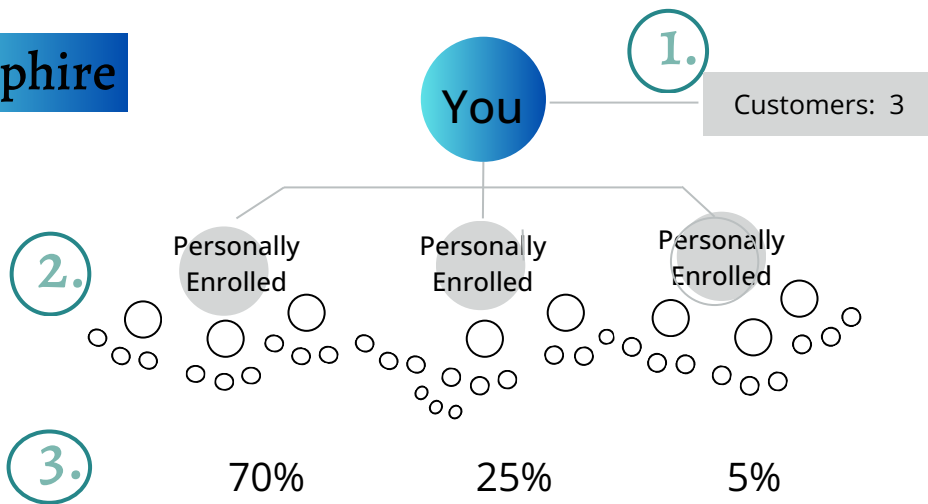

**NOTE:**

**At the end of each month you are paid Commissions and Rank Advancement Bonuses.**

At the beginning of the next month the computer resets everyone at the beginning Rank of Distributor and, as the autoships from existing customers and sign-ups of new people happen, you move quickly through the 3 levels of Silver and Gold to attain Sapphire.

1. A Sapphire requires 3 active Retail Customers during each month.
2. You have to have 3 active Distributor/Members.
3. Your Maximum Leg requires 70% of your Volume. Your Medium Leg provides 25%. Your Minimum Leg provides 5%.
4. As your volume grows, you automatically promote from Sapphire Apprentice to Sapphire Director to Sapphire Executive. Again: you can review the simple calculator in your back office (Home Page) to easily see what needs to be done next. Reminder: Your new Distributors go into your Holding Tank for 5 days; you can place them where you choose. (See Quick Tip #5 and green "Business Snapshot" on the next page.)
5. When you reach Sapphire Executive for the first time you are paid 1/2 of the \$1,000 Rank Advancement Bonus (\$500). The 2nd time you reach Sapphire Executive, you will be paid the other half (\$500) of the Rank Advancement Bonus. (That's in addition to your Team Commission. Yay!)

## Sapphire

	Qualifying Volume	Max. Leg	Min. Leg	Team Commission	Rank advance Bonus
4. Apprentice	5000	3500	250	550	
Director	7500	5250	375	800	5.
Executive	10000	7000	500	1100	1000

As your team grows, you automatically promote to the rank of Ruby.

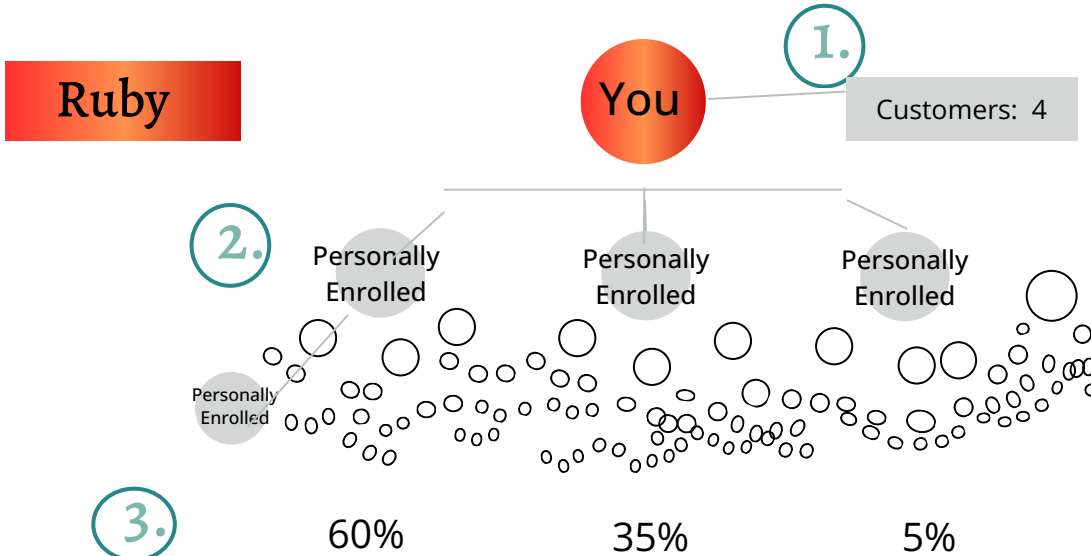

# Ruby

1. A Ruby needs 4 active Retail Customers.
2. Ruby also requires 4 personally sponsored, active Member/Distributors.
3. Your Maximum Leg needs 60% of your Volume. Your Medium Leg provides 35%. Your Minimum Leg provides 5%.
4. As your volume grows you will promote from Sapphire Apprentice to Sapphire Director to Sapphire Executive. Again — the simple calculator in your back office will show you what needs to be done next. The green “Business Snapshot” chart will show you which leg to place your new distributors in.
5. When you reach Ruby Executive for the first time you are paid 1/2 of the \$2,000 Rank Advancement Bonus (\$1,000). The 2nd time you reach Ruby Executive, you will be paid the other half of the \$2,000 Rank Advancement Bonus (\$1,000.)

Your “Business Snapshot” in your Back Office.

Remember: This is above and beyond all the weekly Activation Bonuses for new people you are bringing into the company in addition to your Team Commission.

	Qualifying Volume	Max. Leg	Min. Leg	Team Commission	Rank advance Bonus
4. Apprentice	15000	9000	750	1500	
Director	20000	1200	1000	2000	
Executive	25000	15000	1250	2500	5. 2000

As your team grows, you automatically promote to the next rank of Emerald.

# More \$\$ Here and beyond

As you're making money and following these simple charts for a few months, you'll learn where to focus your efforts in order to move quickly up the compensation plan. You need to have a direct path, otherwise it's easy to wander off on side-trails that don't take you where you want to go.

**The attached spreadsheet for the Avini Compensation Plan will now make sense.** I have a feeling that as soon as money starts hitting your bank account, you'll get really excited to find out how it got there. When you start using that money to actually pay for real things, you're going to get excited to learn how to make more.

I personally made the decision to commit my time, love and reputation to building this financial vehicle for the following reasons:

1. The science behind the products is unparalleled. No other company has these advanced products and everyone needs them. I'd be using them anyway. Also... Fun Perk: I can get paid to be healthy..
2. A person can invest \$300 and feel their life transform within 2 weeks.
3. The company management will never change the formulas. (The bio-chemist/formulator/inventor is one of the 3 owners.)
4. The company is well-run and cares deeply for those in the field. (They have all been top earners in this industry and know our challenges.)
5. The comp plan maxes out at \$160,000 a month. I can live comfortably on \$1,920,000 per year.

## **Our bodies are self-healing systems.**

We are each made up of 30 Trillion cells. (Yep... with a "T".)

Your body rebuilds 330 Billion cells every day. That's about 3.8 Million cells every second. Those cells each live from 2 days to 7 years.

If your body can't find good nutrients to repair those cells — or if toxic sludge is running interference so that the cell can't use whatever expensive, organic food you are ingesting — it will grab whatever is available. In many cases, that turns out to be the body's equivalent of duct tape and bailing wire.

That causes your body to replicate unhealthy cells.

**The good news is...** Your whole body renews itself every 7 years.

**The bad news is...** if your body creates unhealthy cells, they, too, can last for 7 years.

**Don't assume that you have to get sick as you grow older.**  
You can grow BETTER.

**AND: you won't outlive your income:**

**This is Conscious Entrepreneurship.**  
We get healthy.  
The more people we help,  
the more the company pays us.  
The company gets a loyal customer base.  
It's Win-Win-Win.

**This whole business is about people helping one another.**  
We are letting people know there's a way out of the toxic dilemma we are all living in.

*"Good health is a valuable savings account."*  
—Anne Wilson-Schaeff, PhD

**With Avini Health, you can end up with:**

- A pile of money.
- More cash flowing in every week.
- The health, energy and free time to enjoy your money.
- The skills to lead teams and make things happen.
- A life of purpose and meaning.

**Take a look at the attached Avini Compensation plan.**

It will give you a good idea of what's available with some elbow grease. Look at what you need to accomplish to advance to your next Rank, then focus on the next steps in front of you. And share, share, share!

Is it worth it?

Absolutely!

Udana Power

Here's to your good health!  
*"A clean and healthy body can heal itself."*

**Retail Customer Commissions and Activation bonuses are paid weekly!**  
**Team Commission, Rank Up, and Leadership Matching Bonuses are paid monthly.**

# Trinary Compensation Plan: Definitions & Requirements

**Retail Customer Orders** = Retail orders will be paid 20% Commission with a 50% distribution of points going to the Distributor and their upline.

**Activation Packs** = When a new Distributor joins they will be required to buy one of the activation packs offered. The enroller of the new Distributor will receive an enrollment bonus specific to the pack purchased. Point values will be applied to the new Distributor and upline.

**Point Volume** = Not counting activation packs and Retail customer purchases, all Distributor product purchases will be 1 point per dollar excluding taxes and shipping.

**PV** = Personal Volume - Defined as all personally placed orders including Autoships and 50% Retail Customer volume.

**APC** = Active Personal Customers - Defined as a Personal Customer who orders at least one retail product from their customer portal.

**APD** = Active Personally Enrolled Distributors - Defined as Personally Enrolled Distributors who has 100 or 200 Points dependent on their Rank. These APDs can be in any leg.

**PQL** = Personal Qualified Legs - Defined as number of legs that have at least one Active Distributor of 100 or 200 points dependent on their Rank. These legs do not require a personally enrolled Distributor in each leg.

**3LS** = Third Leg Support - To support Distributor success, all Personal Volume, including Retail Customer volume, is applied to the leg with the least volume to assist in Minimum Volume qualification. An active Distributor with 100/200 volume is required for PQL.

**QV** = Consists of Personal Volume (PV) and Organizational Volume (OV) that meet all the qualifying percentages.

**Leg %** = Percentage of Qualified Volume (QV) required in each leg.

**Max Leg** = Based on the Rank that is being qualified, this defines the maximum amount of volume that can be used towards qualification. Largest leg volume is capped at max percentage while the two lesser legs must total the balance equal to the total volume to qualify.

**Min Leg** = Based on the Leg % and Rank requirement this is the minimum volume necessary to qualify the leg.

**TC** = Team Commission - Monthly commission payout for HIGHEST ACHIEVED RANK for that month.

**RB** = Rank Up Bonuses - Must be qualified for Team Commission. These bonuses are paid out in full the month following the achievement of the bonus, for Silver and Gold Ranks. All gem ranks will be paid 50% of the Bonus the month after achievement and the other 50% when they achieve it again. Distributors are paid Rank Up bonuses only once per rank, but may qualify for every Rank Up bonus on the way up in the same month.

**LMB** = Leadership Matching Bonus - Must be Team Commission qualified. Starting at Sapphire, Leaders will receive 7% of their personally enrolled 1st level Team Commission and 5% of their second level personally enrolled.

**Autoships** = Autoships will only be accepted to ship between the 1st of the month and the 10th of the month. Those on Autoship will receive Reward Points equal to about 20% of the cost of the product. For example, a \$55 Autoship order will result in 11 Reward Points. In the Back Office there is a Rewards Shopping Cart where you can use the Points to purchase products, Swag and marketing tools. There will be no PV points awarded, so these purchases are in addition to the monthly activation requirement of 100 or 200 points depending on rank. There is no requirement to have an Autoship as long as the Distributor purchases 100 or 200 points based on rank during the month to qualify as an Active Distributor.
